Mini-Cog

39. Mini- Cog (see attached sheet)

comments

did not have anything to draw a clock with

Step 1: Three Word Registration

Look directly at person and say, "Please listen carefully. I am going to say three words that I want you to repeat back to me now and try to remember. The words are [select a list of words from the versions below]. Please say them for me now." If the person is unable to repeat the words after three attempts, move on to Step 2 (clock drawing).

The following and other word lists have been used in one or more clinical studies.1-3 For repeated administrations, use of an alternative word list is recommended.

Version 1	Version 2	Version 3	Version 4	Version 5	Version 6
Banana	Leader	Village	River	Captain	Daughter
Sunrise	Season	Kitchen	Nation	Garden	Heaven
Chair	Table	Baby	Finger	Picture	Mountain

Step 2: Clock Drawing

Say: "Next, I want you to draw a clock for me. First, put in all of the numbers where they go." When that is completed, say: "Now, set the hands to 10 past 11."

Use preprinted circle (see next page) for this exercise. Repeat instructions as needed as this is not a memory test.

Move to Step 3 if the clock is not complete within three minutes.

Step 3: Three Word Recall

Ask the person to recall the three words you stated in Step 1. Say: "What were the three words I asked you to remember?" Record the word list version number and the person's answers below.

Word List Version : 1

Person's Answers: banana, surise, chair

Word Recall :	3 Points	1 point for each word spontaneously recalled without cueing. Home Safety Yes
Clock Draw :	0 Points	Normal clock = 2 points. A normal clock has all numbers placed in the correct positions) with no missing or duplicate numbers. Hands are pointing to the 11 sequence and approximately correct position (e.g., 12, 3, 6 and 9 are in anchor Inability or refusal to draw a clock (abnormal) = 0 points.and 2 (11:10). Hand length is not scored.
Total Score :	3 Points	Total score = Word Recall score + Clock Draw score. A cut point of < 3 on the Mini-Cog™ has been validated for dementia screening, but many individuals with clinically meaningful cognitive impairment will score higher. When greater sensitivity is desired, a cut point of < 4 is recommended as it may indicate a need for further evaluation of cognitive status.

Home Safety & Personal Goals

40. In the past year how many times have you Fallen?

- ☐ None
- ☐ Once
- ☐ Twice
- ☐ Three times
- ☒ More than three times

- ☒ Do you worry about falling or feeling unsteady when standing or walking
- ☒ Yes
- ☐ No
- ☒ Worries about falling or feeling unsteady when standing or walking?
- ☒ Yes
- ☐ No
- ☒ Did you have a fracture in past 6 months?
- ☐ Yes
- ☒ No

41. Home Safety

a. Do you have obstacles in the house, loose small rugs or objects on the floor that could cause tripping?	Yes	No
b. Do you have electrical cords running across floors, in doorways or under a rugs?	Yes	No
c. Do you have no slip mats on the shower floor or bath tub?	Yes	No
d. Do have adequate lighting in hallways and on the stairs?	Yes	No
e. Do you have handrails on staircases?	Yes	No
f. Is your hot water heater set for a maximum of 120 degrees?	Yes	No
g. Do you have smoke detectors on each level of the house and in all sleeping a rooms?	Yes	No
h. Do you have carbon Monoxide detectors on each level of the house?	Yes	No
i. Have used established an escape route in the event of fire?	Yes	No

42. Are there things about yourself you wish you could change or improve?
falling

43. Is there anything that you could do to improve your quality of life?
none

44. Have you ever physically or felt emotionally abused by someone
☐ Yes ☒ No

45. Feeling like harming others or yourself
☐ Yes ☒ No

46. Are you afraid of anyone or is anyone hurting you?
☐ Yes ☒ No

Patient Summary

Assessors Comments :

Identity verified with name and date of birth.
Come blanks left due to nature of virtual visit.
Patient participated in visit.
Discussed frequent falls and patient states assistive devices do not help. She states taking it slow and being aware is the most helpful
Discussed weight with patient and aware is under weight and is discussing with her provider.
Iron deficiency per patient ahs resolved. IN previous documented conditions I was able to review DM and CKD was not listed but patient denied this on ROS.

Member Acknowledgment

I have been advised by the evaluator and understand that the services performed by the evaluator are limited to the evaluation performed today; the evaluator has no further duties to me once the evaluation performed today is completed ; the evaluator is not liable for abandonment my refusing to provide me treatment or continuing care to me beyond this evaluation; and I should contact my primary care or treating physician for all questions and concerns regarding medical care and treatment or, in the event of an emergency, call 911

Disclosure Statement

Your health plan, has contracted with Focus Care to conduct a health exam on all of its Medicare members, including you. The health exam includes questions to help your health plan learn more about your current health. The exam may also find things that could effect your health. The results of the exam will help your health plan and your doctor keep you as healthy as possible.

Personal health information, or PHI, is information in your medical record that identifies the record as your record. PHI includes things like your date of birth, age, address, telephone number, and your medical history.

Most of the time, Focus Care will not release your personal information without your permission. Measures are in place to prevent your personal information from being accidentally released in writing, including by use of a computer, or orally. You may request more information about how your personal information is protected.

There are times when Focus Care is allowed to release your personal information without your permission. For example, your medical information may be given to other health care providers who take care of you. The results of this exam will be sent to your health plan and to your doctor.

Focus Care may release your personal health information to a 'business associate'. A 'business associate' is another agency that Focus Care uses to do things, such as billing. We require our 'business associates' to have security measures in place to prevent your personal information from being accidentally released in writing, including by use of a computer, or orally.

Focus Care may be required to release your personal health information, without your permission, by law. including statutes, regulations, or valid court orders.

Focus Care will obtain your permission to use or release your personal health information for any other reason.

Do you have any questions about this information? Would you like to receive this information in a different language?

Your agreement to have this medical exam means you have given your permission to Focus Care to release the results of your medical exam to your health plan and to your doctor. Do you agree?
