Dear BRIAN CREECH,

Thank you for taking the time to speak with us. It was our pleasure to tell you about our In-Home Health Review program, which we provide in partnership with Focus Care.

We understand that you do not want to set up an In-Home Health Review at this time. You can decide at a later time if you want an In-Home Health Review.

The following are some of the benefits of a review:

- Talk one-on-one with a board-certified nurse practitioner and ask any questions about your health and medications while in the privacy of your home.
- Receive suggestions about topics to talk about with your doctor. This list will be made to match you and your healthcare needs.
- Identify important screenings and tests you may want to get.

You are welcome to invite a caregiver or family member to be with you during the review. In addition, there is **no cost** for the review.

Virginia Premier wants to make sure you can get the proper care and services for your healthcare needs. The In-Home Health Review gives you access and supports the care you get from your healthcare provider(s).

This **free program** was set up to improve the health of our members. We hope you will reconsider and set up your In-Home Health Review today! If you have any questions or if you want to set up a review, please call Focus Care at 1-800-318-6023 (TTY: 711), Monday through Friday, 8:30 am to 9:00 pm.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Mattingly", with a stylized flourish at the end.

Mark Mattingly, M.D.
Vice President, Medical Affairs
