Mini-Cog

Mini- Cog (see attached sheet)

Step 1: Three Word Registration

Look directly at person and say, "Please listen carefully. I am going to say three words that I want you to repeat back to me now and try to remember. The words are [select a list of words from the versions below]. Please say them for me now." If the person is unable to repeat the words after three attempts, move on to Step 2 (clock drawing).

The following and other word lists have been used in one or more clinical studies.¹⁻³ For repeated administrations, use of an alternative word list is recommended.

Version 1	Version 2	Version 3	Version 4	Version 5	Version 6
Banana	Leader	Village	River	Captain	Daughter
Sunrise	Season	Kitchen	Nation	Garden	Heaven
Chair	Table	Baby	Finger	Picture	Mountain

Step 2: Clock Drawing

Say: "Next, I want you to draw a clock for me. First, put in all of the numbers where they go." When that is completed, say: "Now, set the hands to 10 past 11."

Use preprinted circle (see next page) for this exercise. Repeat instructions as needed as this is not a memory test.

Move to Step 3 if the clock is not complete within three minutes.

Step 3: Three Word Recall

Ask the person to recall the three words you stated in Step 1. Say: "What were the three words I asked you to remember?" Record the word list version number and the person's answers below.

Word List Version : --

Person's Answers: --

Word Recall :	-- Points	1 point for each word spontaneously recalled without cueing. Home Safety Yes
Clock Draw :	-- Points	Normal clock = 2 points. A normal clock has all numbers placed in the correct positions) with no missing or duplicate numbers. Hands are pointing to the 11 sequence and approximately correct position (e.g., 12, 3, 6 and 9 are in anchor Inability or refusal to draw a clock (abnormal) = 0 points.and 2 (11:10). Hand length is not scored.

Total Score :	-- Points	Total score = Word Recall score + Clock Draw score. A cut point of < 3 on the Mini-Cog™ has been validated for dementia screening, but many individuals with clinically meaningful cognitive impairment will score higher. When greater sensitivity is desired, a cut point of < 4 is recommended as it may indicate a need for further evaluation of cognitive status.

Your health plan, has contracted with Focus Care to conduct a health exam on all of its Medicare members, including you. The health exam includes questions to help your health plan learn more about your current health. The exam may also find things that could effect your health. The results of the exam will help your health plan and your doctor keep you as healthy as possible.

Personal health information, or PHI, is information in your medical record that identifies the record as your record. PHI includes things like your date of birth, age, address, telephone number, and your medical history.

Most of the time, Focus Care will not release your personal information without your permission. Measures are in place to prevent your personal information from being accidentally released in writing, including by use of a computer, or orally. You may request more information about how your personal information is protected.

There are times when Focus Care is allowed to release your personal information without your permission. For example, your medical information may be given to other health care providers who take care of you. The results of this exam will be sent to your health plan and to your doctor.

Focus Care may release your personal health information to a 'business associate'. A 'business associate' is another agency that Focus Care uses to do things, such as billing. We require our 'business associates' to have security measures in place to prevent your personal information from being accidentally released in writing, including by use of a computer, or orally.

Focus Care may be required to release your personal health information, without your permission, by law. including statutes, regulations, or valid court orders.

Focus Care will obtain your permission to use or release your personal health information for any other reason.

Do you have any questions about this information? Would you like to receive this information in a different language?

Your agreement to have this medical exam means you have given your permission to Focus Care to release the results of your medical exam to your health plan and to your doctor. Do you agree?

The information obtained today and any applicable lab results (some of which may become available after subsequent analysis) may be sent to your primary care physician (PCP).
