Dear WANDA MCKINNEY,

We keep missing you!

We have been trying to reach you to set up your free in-home health review with a Licensed Nurse Practitioner.

An in-home health review gives you the chance to talk to a Licensed Nurse Practitioner about your health in the comfort and ease of your own home, at no cost to you.

This visit is not meant to replace the care you get from your doctor. Our goal is to support the work done by you and your doctor to improve your health. Results from the in-home health review will be sent to your doctor.

Your free in-home health review:

- Coordinates care with all your doctors
- Gives you a personalized checklist of topics to talk about with your doctors
- Does not affect your coverage
- Helps you keep your healthy lifestyle and improve your current situation

Please call today to set up your in-home health review or to learn more about this free service <1-800-318-6023 (TTY: 711), Monday through Friday, 8:30 am to 9:00 pm>

Sincerely,

A handwritten signature in blue ink, appearing to read "Dr. Mark Mattingly", with a small "MD" to the right.
