IMPORTANT WARNING: This facsimile is a confidential communication and is transmitted for the exclusive use of the person or entity to which it is addressed. If you are not the intended recipient you are hereby notified that any disclosure, copying or distribution of this information is STRICTLY prohibited. If you have received this facsimile communication in error, please notify us immediately by telephone and mail the communication to us at our address printed in the top left-hand corner of this form or destroy this facsimile.

To the extent that Protected Health Information (PHI) is enclosed, please be advised that it is being faxed to you after appropriate authorization from the individual or under circumstances that do not require authorization. It has been disclosed to you from a designated record set whose confidentiality is protected by state and federal law. You, the recipient, are expected to maintain this information in a safe, secure and confidential manner. In addition, federal regulations (42 CFR part 2) prohibit any further disclosure of drug and alcohol abuse treatment information except with specific written consent of the person to whom the information pertains or the parent or legal guardian of a minor child to whom it pertains, unless otherwise permitted by federal law. A general authorization for the release of information is NOT sufficient for this purpose. State law prohibits any further disclosure of this sexually transmitted disease information, including HIV/AIDS, without specific written consent of the person to whom the information pertains, or the parent or legal guardian of a minor child to whom it pertains, unless otherwise permitted by state law. A general authorization to release information is NOT sufficient for this purpose.

Southwestern Health Resources

UT Southwestern
Medical Center

''

Your patient was recently offered a convenient in-home assessment and health screening, not to replace his or her scheduled appointments with you. Our goal is to help patients take charge of their health by encouraging regular check-ups and follow-up care. Through our partnership with Focus Care, a licensed medical professional conducted the patient visit. Southwestern Health Resources has provided you with the enclosed summary and results for:

Gloria H Adkins
1942-08-18
788465401

This summary contains an environmental assessment, a summary of existing diagnoses, a list of current medications that may help you gain additional insight into your patient's health, as well as preventive and chronic care recommendations. Only your patient, you and Southwestern Health Resources received this summary and we recommend discussing the findings with your patient at their next appointment or reach out to them with any urgent concern.

If you have any questions about the in-home health review, please call us at <1-855-977-8820 Monday through Friday, 8:30 a.m. to 9:00 p.m. CDT

Sincerely,

Jason Fish, MD
Chief Medical Officer
Southwestern Health Resources
